Zentangle - The Reset Button

Duration - 2 hours

We hit so many buttons in a day, how often do we hit the reset button? How often do you take a moment to pause and re-evaluate your thoughts, actions and self awareness? In this age of technology, lets take some time to reset ourselves by connecting our eyes with our hands as we draw our very own reset button. Through the focused and mindful method of Zentangle drawing you will learn to quietly and simply focus on nothing but the pen in your hand and the visible marks that you make on paper. Certified Zentangle instructor Yvonne Westover will guide you in this method of repetitive drawing that can be used through the day to bring calm and focus to become aware of yourself and your surroundings in the moment... to reset yourself. In this learnshop you will learn the basic method of Zentangle, and will use it to create a reset button. This button can then become a point of reflection throughout your day or you can draw a new button as often as you need to reset. All materials will be supplied including a handcrafted button and handmade Italian paper. No previous experience required.
